

Kingdom Life Ministry Presents:

# *Keys to Kingdom Living*

Volume 8—Issue 94

May - 2010

Dear Friend,

## **Sao Paulo, Brazil — March, 2010**

The plane took off from Miami late at night and landed in Sao Paulo, Brazil during the early morning hours. We were met by the Brazilian staff, of Global Awakening who were gracious enough to take us to our hotel for a much-needed rest before the remainder of the team arrived from various places around the U.S.

For the next six mornings and evenings we were to be in meetings throughout the seventh largest city in the world with an estimated population of 20 million people. The name of the city, Sao Paulo means Saint Paul and honors the Apostle Paul. Following are a few of the testimonies from our team members who came with us on the trip.

### **When the Power Came Down!**

Steve Osborn told of a seven year-old girl that was brought to him by her father. She complained of severely blurred vision. I prayed for her and the power of God came upon her causing her to fall down on the floor shaking. After ten minutes she gets to her feet, screaming and crying out that she could see perfectly. The mother comes running over to her daughter and husband and they all are crying with joy over God's healing power.

We started each meeting by giving 'words of knowledge' for healing. One of the meetings we had was exceptional; I will let one of our team members, Merry Paul describe it for you. "Right after the words of knowledge had been given and the people were prayed for with many having been healed, Pastor Rex said God wasn't finished yet. He said that anyone else who needed healing but their condition had not been called out to stand up, and those who already had been healed to sit down. We were told to find someone around us and start praying. I had two young teenage boys behind me. All of a sudden..... throughout the entire room.....Heaven began to invade the room and the POWER of God came. As I continued to pray for them both....the young man on the right began to speak in tongues and rocked back and forth....the young man on the right was obviously being touched by the Holy Spirit.....Worship broke out and whoaaaaaa. The Holy Spirit began to move in even greater power..... Sections of chairs were being removed as the power fell on person after person.....Holy Spirit came in waves...Thank you Jesus!!!!!"

### **Breast Cancer & Severe Leg Pain Healed!**

In another meeting two of our team members, Bob & Elaine Kowalski prayed for a woman with breast cancer. "She couldn't move her left arm above a certain level. After we said a prayer to break off the curse of cancer we began to speak to the lymph nodes to return to their normal state. She began to experience significant change. She told us she was experiencing a softness in her chest and she began to lift her arm above her head. Something she had been unable to do previously. The size of the mass had decreased tremendously."

Our good friend Richard Skroban told us this story, "A young girl who was a ballet dancer had bad pain in her right thigh and muscle weakness along with pain in her left thigh. I sat her down to check the length of her legs, and she could hardly bear to have me lift her feet off the floor because the pain was so great in her right thigh. I prayed for a while and she got about 10% better. We thanked God and kept praying, but it did not improve much. I kept praying and she started to feel heat in her thigh. Finally she looked up at me with the biggest smile in the world and told me the pain was totally gone. It took about 1/2 hour of praying but she was healed. The last I saw of her she was doing ballet whirls around the room."

## Was God really going to use ME!

Not everyone on our team had been used like this before either. One member Beth Horton describes her experience this way. "I have to admit, I was nervous. Was God going to really use ME? I was strongly moved by the impartation by Rex earlier and trusted God to move through me, despite my fears. This was the first time I ever prayed for someone resulting in them falling under the power of the Holy Spirit. I simply prayed for the Holy Spirit to come and fill her up, but before I could even finish my prayer, she was on the ground, in a peaceful state of mind, receiving what God had imparted to her. I was completely surprised but filled with joyful tears and an extreme sense of God's presence. After thanking the Lord, I proceeded to pray for more of the Holy Spirit and anointing to fall on the people that stood before me. Wow! I mean WOW! I was thrilled AND surprised to see SO MANY visibly moved by the hand of God. The next few people continued to respond to the moving of God by weeping, laughing hysterically, shaking and falling down. Praise the Lord for His miraculous touch on each and every one of the people I prayed with. Can't wait to see what is next!"

While Beth was on one side of the arena, another team member had this experience to share. "A gentleman indicated that he had been having pain in both hips and his knee was unable to bend because of some damage to the cartilage in his right knee. He said that he had been feeling the pain for several years. We prayed together for the Holy Spirit to heal him. After we finished, he said that he felt the Spirit of the Lord and that the pain was much better but that he was still feeling some pain in his hips. We prayed again and asked God for complete healing. After praying more, he indicated that he was completely pain free. He turned his hips this way and that while bending his knees. He grinned and exclaimed to me that he was totally free of pain. Praise the Lord."

I have page after page of testimonies of those who prayed for people and saw them healed. This was truly a remarkable trip. Over 117 people gave their hearts to Jesus for the first time with 30 people who re-dedicated their lives to Jesus. Over 316 people were physically healed of different ailments when our team of close to 30 people prayed for them and almost 600 people were healed during the meetings through words of knowledge at the beginning of the meetings. Even more exciting were the 8 blind people and 10 deaf people that were able to see and hear once more.

It was a privilege to be apart of something so wonderful and I thank Randy Clark for asking me to come and lead the trip for him till he could arrive for the last couple of days. It was a privilege to see so many people healed, give their hearts to the Lord, receive their sight and be able to hear once again. What an awesome time.

I want to thank each one of you that receive this newsletter because you helped make it possible. Because of your partnering with us I was able to go and minister. Each person touched is one that you will meet in heaven and I believe they will know the part you played in their healing. Thank you for supporting this ministry so that we can continue to go where the need is so great.

## Philadelphia Outreach in Harrowgate Park

We are excited about the outreaches planned on Saturday, June 12<sup>th</sup>. As many of you know these outreaches are powerful testimonies of God's love for his children. The testimonies of changed lives down at Harrowgate Park are as powerful as anything we experienced in Brazil. Come along with us and see what God is doing in one of the worst neighborhoods in Philadelphia. We will be handing out sacks of groceries, barbequing hot dogs and hamburgers, giving away clothing, preaching the gospel and having awesome worship.

We need volunteers, clothing and money. All the money we raise will go to pay for the outreach. If you want to see this country change then come and see what God is doing in our land.

*One soul at a time! Changing the destiny of a Nation!*

Much Love to all,

June 6th  
Hopewell Christian Fellowship  
Telford, PA Sunday morning and evening
